We are using the incredible true story of Philippe Petit and his death defying stunt (or art?)

walking on a steel cable between

the Two Towers. Our mission is to create an exciting breaking news story on the exciting events. We have studied news features, layout, key events and reported speech.

Read, Read and Read! A variety of text types with a broad range of vocabulary. MyOn is a great source for this too.

Please use Times Tables Rockstars to practise tables. It's essential they have all of them memorised ASAP. We don't want this being a barrier to in their maths lessons. Regular arithmetic practise is important too, and

easy to find - google 'year6 arithmetic'

Mathe

In maths we are using a mixture of mini quizzes,

teamwork, teaching input and arithmetic. This week we revisited multiplying and dividing by 10, 100, 1000 by moving the digits across the decimal point and multiplying and dividing a decimal by a whole number. In addition to this, we are keeping the plates spinning by practising our four operation arithmetic daily.
